

Memory Lane 2021

Dear Member:

Once again, the A.A.C.A. South Florida Region has been asked to coordinate Memory Lane in conjunction with this year's Miami International Auto Show to be held at the Miami Beach Convention Center. **This year's show runs from Friday evening, February 19th through Sunday night, February 28th.** You are cordially invited to display your antique automobile.

1. Again this year we are presenting "Havana Classics" a consisting of pre-1960 vehicles in a special nostalgic display as a tribute to our Cuban community.
2. The Memory Lane display will feature vehicles that are 1996 or older. Our goal is to continue the tradition of displaying our high quality cars. Therefore, only good condition cars that were not shown in the last two years will be selected for this year's display. It is truly a great honor to have your prized collectable on display at the ultimate car event in South Florida. Every year more than 500,000 spectators attended the auto show, and for many, Memory Lane is the highlight of the entire show. Our precious metal (and fiberglass) are the shining stars of the event. Just imagine an antique car show for ten (10) days in a temperature controlled environment (*no chance of rain at this show*) under the glow of spot lights. This is the finest venue to exhibit our cars.

If your car is selected, you will be contacted in writing with information about "move-in" details. Cars chosen cannot be removed until after the show is over. During the show all cars are displayed behind railings, and people will be on hand monitoring the cars. You will be awarded a special unique gift celebrating your car's participation in *Memory Lane 2021*.

If your car is chosen, you are REQUIRED to attend the car show a minimum of three (3) times to watch the cars. You will have unlimited access to the show, and will be given free passes for your friends & family.

Any club members who do not have a car on display and wish to volunteer will be granted free entrance to the car show.

If you think that you have a special car worthy of being displayed in *Memory Lane*, please fill out the application on the back of this form, and kindly return it before October 1st. There is only space for a limited number of show cars. Once your entry has been confirmed, we need a firm commitment on your part to bring your car to the show and to be there for a minimum of three (3) times during the show. We will be depending on your commitment in order to put on the show. See you all at *Memory Lane 2021!*

Sincerely,

Ira Shapiro, Chairperson

Bob Squier, Co-Chairperson

Philip Williams, Co-Chairperson
